

## **Choice Theory/Reality Therapy Advanced Training**

**10 to 12 Dec 2022**

The third step in the process leading to CTRTC . This 3 day program brings participants from various professions together to gain new knowledge and demonstrate the skills learned throughout the previous steps. Together you will share experiences, offer short presentations and learn new ways to implement reality therapy, choice theory and lead-management. At the conclusion of the training you will receive a certificate with the designation of Choice Theory/Reality Therapy Certified (CTRTC)

**Prerequisites: Completion of WG International approved  
Basic intensive training and practicum**

### **Workshop Leader – John Brickell D.C.**

As well as being 'Director of Training' for the 'William Glasser Institute UK', John is also a senior faculty member of the William Glasser International organisation (international/parent organisation). He has taught RT/CT in North America, the Far East, the Middle East, in several European countries and throughout the UK. Along with Dr Bob Wubbolding, he is the co-author of the very practically focused book '**Counselling With**

**Reality Therapy' (2nd Ed 2016)**, and '**A Set of Directions for Putting & Keeping Yourself Together**'; a self development book, published in 2001.

In addition to as being a personal coach and counsellor, John is also qualified as a (McTimoney) chiropractor, which as well as providing some "backbone" to the other areas in which he works, also complements the mind-body-spirit approach he brings to Choice Theory Psychology & Reality Therapy.

More recently, John has been working in conjunction with the SIRPA UK organisation as a coach/practitioner - in a ground breaking approach in helping people to fully recover from chronic pain and other forms of stress illness. Again, this approach dove-tails completely with Choice Theory Psychology.
