

Advanced Intensive Training (Stage 3)

STAGE 3: 24 - 26TH APRIL 2026

This is the third phase in the journey towards CTRTC involves a comprehensive 28-hour training session. This program assembles professionals from diverse fields to acquire and exhibit the competencies developed in earlier stages. During this phase, participants engage in collaborative learning and experience sharing, focusing on the application of reality therapy, choice theory, and lead-management. Upon successful completion of this training, participants are awarded an Advanced Training Certificate.

ABOUT OUR TRAINERS

Mary Ellen Davis is a Senior Faculty member of Glasser Australia and a registered psychologist with over 30 years of experience in human relations and psychology. A specialist in Trauma-Informed Care and Practice (TICP), she has served since 2012 as a consultant psychologist for victim-survivors of institutional abuse. Her clinical expertise is centered on providing recovery-oriented services and psychosocial support for individuals navigating complex trauma.

In her clinical practice, Mary Ellen supervises health professionals and collaborates with service providers to ensure high-quality, recovery-focused treatment. She integrates Choice Theory and Reality Therapy with experiential methodologies to help individuals and organizations in crisis improve difficult relationships and workplace conditions. Her work empowers clients to transition from external control toward internal empowerment and mental well-being.
